PROFESSIONAL EXPERIENCE AND RESPONSIBILITIES

March 2015 – October 2015

[Null Object LLC](#)

IT PROJECT MANAGER

Null Object is a digital technology development company based in Serbia working with digital agencies and StartUps from all around the world.

- Managed development and successfully delivered (mostly before deadlines and under budget) four mobile applications and one online aggregation platform using scrum agile methodology;
- Saved up to four hours of CEO's time a day by monitoring development of all projects and reporting progress and problems;
- Kept clients calm and satisfied by updating them on the project's progress on a daily or weekly basis;
- Planned and conducted all company events (internal and external trainings, presentations).

Main achievement:

- Clients were extremely satisfied with in-time delivery of eight-months long project, trustworthy and constant communication and proposed solutions (reference available on LinkedIn profile).

October 2013 – May 2014

[ESTIEM LG Belgrade](#)

CASE STUDY SHOW 2014 PROJECT LEADER

Case Study Show is an event that connects 160 Serbian students and nine companies, organised under patronage of Faculty of Organisational Sciences, Belgrade. It consists of case study competition, speed dating, creative workshops and company fair.

- Created a new project concept and strategy based on research and feedback from previous years;
- Coordinated a team of seven core team members, 40 organisational team members and nine advisory positions;
- Ensured that most of winning participants get internships by engaging in final round negotiations with corporate companies;
- Collaborated with and reported to Board members, Advisory Board members and Faculty administration;
- Monitored all project activities and led project towards achieving goals set in the initiation phase.

Main achievements:

- Project fundraised 16.500 EUR, profit 10.000 EUR (profit margin increased by 20%);
- Costs reduced by 40% with maintaining same quality in comparison to the previous year;
- More than 30 students got internships;
- Organisation of event was evaluated with 4,8/5 by partners, 4,3/5 by participants.

October 2012 – October 2013

ESTIEM LG Belgrade

VICE PRESIDENT OF INTERNATIONAL AFFAIRS

ESTIEM (European Students of Industrial Engineering and Management) is network that connects 79 local groups from 31 European countries. Local group Belgrade counts 180 active members and organises more than ten both local and international events annually.

- Improved efficiency and quality of projects and the entire organisation by formulating long-term organisational strategy, determining budgets and monitoring all projects and non-project activities of the local group;
- Delivered presentations, sent newsletters and introduced co-financing program that motivated 20 local members to actively work on central level and 40 members to travel and attend ESTIEM events;
- Ensured that Local Group Belgrade is consulted before making any major strategic decision of the entire network by having representatives on all strategic events, as well as keeping close contact with central level Board members;
- Brought all local board members to the Autumn Council Meeting and had the largest delegation by negotiating with central Board members and ensuring that all applications were high-quality;
- Organised international events in Belgrade (two events organised: Project Management Days and PR-CR School);
- President's deputy (August 2013 – October 2013).

Main achievement:

- LG Belgrade was 2nd most active local group in whole network (2012 – 7th place, 2011 – 9th place).
